IV 17-2-14

The allegation of the Director of the Pasteur Institute that in many cases persons in Government employ are sent to the Pasteur Institute under conditions applicable only to indigent persons not in Government service appears to be true. This irregularity seems to be due to the officers sending persons to Coonoor for treatment not applying the proper rules. Perhaps if printed forms are prescribed suitable to the different cases they may help them to apply the rules properly. It is not possible for the Audit Office to notice this as the claims preferred are actually less than what is due. An examination of the bills in which travelling allowance and Maintenance charges on behalf of the men noted in the statement sent by the Director of the Pasteur Institute have been claimed, shews that railway fare has been claimed for the return journey and none claimed for the forward journey and the maintenance charges in some cases drawn at the rates admissible for Government servants which is less than that due to Indigent persons. In one case the maintenance charges were in excess of that due and objection has been taken by this Office.

SIR,

With reference to Mysore Government Order No. 631-80-Med./2-08-95, dated 22-7-1911, I have the honour to bring to your notice that the officers empowered to grant the concessions to Government servants, invariably extend to Government servants, the concessions referred to in rule 12 of the G.O. instead of those in Rule 1.

2. As this procedure causes much inconvenience in this office in adjusting the travelling and maintenance allowances of Government servants sent to this Institute from Mysore State, I have the honour to request that you will kindly invite the attention of the officers concerned to Rule 1 of the G.O. and order them to extend only the concessions referred to in rule 1 while despatching Government servants to this Institute.
